

## LINC-8 i aktion

Här visas två filmer om perception av rörelse vilka gjordes 1971 med hjälp av LINC-8 som står till vänster om dig. Forskningen utfördes av professor Gunnar Johansson och hans kolleger vid Psykologiska institutionen.

## The LINC-8 in action

Shown here are two films on motion perception that were made in 1971 using the LINC-8 shown to your left. The research was being carried out by Professor Gunnar Johansson and his colleagues at the Department of Psychology.
